

September 2012

HAPPY DAY, SAD DAY!

We had to say good-bye to Romel who has been part of the BK family since January 2011. He was surrendered to us when he was one year old. We praise God for his adoptive family from Illinois, U.S.A. We pray for their bonding and growing together as a family. We thank God for the time He gave us to provide love and care for Romel.

VISITORS

Eleven years ago, a family from Kansas adopted one of our girls. She is now 12 years old. It was a great time for her to visit the place that was "home" for her for the first year of her life. The family brought their children with them, and gifts for our children at BK. There was fun, laughter and joy as everyone got to know each other. Thank you Lord for the ministry of bringing a child and loving, accepting parents together!

Kansas Family with Airlyn (second from left).

PRAISES, PRAYER:

- Dedication and completion of BK Surgery Center. Pray that this will be another way for the community and island to see and experience Christ's love in action.
- Pray for Doctor John and Geneziel for protection as they travel to and from Naujan as they minister to our BK children and the community.
- Pray for good health of our children
- Pray for strength and wisdom for our staff at Naujan as they serve and minister to our children. That through the demonstration of their care and love, the children will know and understand God's love.
